Advantages of Werner Weitner - Tool Storing System

A large number of tools can be kept in order.

Clear storage allows quick access.

Missing parts are easily apparent

Efficient use of the limited space with a unique elegance

Can be attached to the wall or be installed as a free standing unit

Numbers of tools are kept only with a few holders

Modular System

It is easy to convert wall tool boards into other Weitner furniture shapes when needed.

A tidy tool area gives visitors positive impressions

According to the principle: " who uses his tools with care will handle my car with care"
